14 Shades of Gray®

Description:

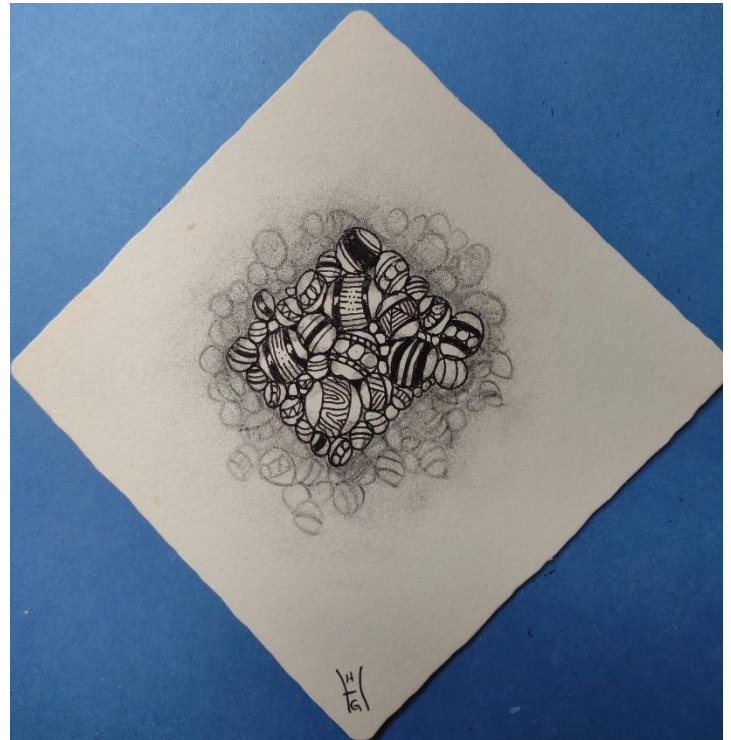

We will have some EXTRA fun with this neat tangling technique by CZT Sonya Yencer.

Tangle Addicts Club Members will be automatically registered. Click [HERE](#) for info on Membership

All those who register will have access to both sessions and receive access to the replays.

Items needed probably not already in your Zentangle Tool box -

- Kneaded Eraser
- Faber Castell, Perfection Eraser (Looks like a pencil but is an eraser) or a Tombow Mono Zero Eraser. A regular pencil eraser may work too, by using the edge.

Regular items needed:

- Paper Zentangle tile. This technique should also work on most any paper. A cotton, watercolor type paper will be best, though.
- Sakura Micron 01 Black (or other fine line pen)
- Pencil (regular No 2 that you use for shading)
- Tortillion

I use the platform, Online Meeting. Click [HERE](#) for technical requirements.

Click [HERE](#) if you need to purchase supplies.
